Question: 1

As part of this question, I have loaded the required packages and added instructions for table of contents etc in the YAML header.

```
# Load the required packages
library(tidyverse)
```

```
library(mdsr)
library(nycflights13)
```

The tidyverse packages

Question: 1

Plotting - **ggplot2**Data munging/wrangling - **dplyr** and **tidyr**Reshaping (speading and gathering) data - **tidyr**Importing/exporting data - **readr**

Question: 2

Plotting - ggplot() and aes()
Data munging/wrangling - select() and filter()
Reshaping (speading and gathering) data - separate() and extract()
Importing/exporting data - read_csv() and read_delim()
